

#### Translations:

- Mechanical engineering
- Paper industry
- Construction engineering
- Electrical engineering
- and much more.

Our technology translations include user manuals, product catalogs, technical specifications and technology contracts.

We always use subject specific, established terminology in the translation of technical texts.

Translations are always done by translators who are experts in both the language pair and subject matter. This guarantees high quality technical translations, delivered in the required time frame.

A translation may be needed urgently, on short notice. For that reason, we are prepared to flexibly serve you according to your requirements - no matter what time of day or day of the week you need the job done.

Pricing is based on the degree of difficulty, language pair and time frame of the translation job.
